

Worried About

RANSOMWARE ?

Take Immediate Action **NOW!**

Sangfor - Your One-Stop Solution for Security

I'm using network security products, and I have firewall & antivirus. Why is my company still infected by RANSOMWARE?

Sangfor has the right solution! Let us help you in stopping the infection first. Then we will track the infection to its entry point and help you recover your control and business.

DID YOU KNOW?

- Smaller organizations are now a target with average ransom costing over **US\$40K**.
- A new organization was attacked by ransomware every 14 seconds in 2019, and **every 11 seconds by 2021.***
- Ransomware will cost the world **\$6 trillion** annually by 2021.*
- **Cloud-based** assets are the ransomware target of 2020.
